

Floji for Real estate

Secure collaboration for real estate teams and their clients.

Welcome to your new home for collaboration. With integrated **messaging, calls, video** and **collaboration tools**, Floji makes buying and selling property easier and more transparent.

Why choose Floji for Real estate?

Connect your whole organisation

- ✓ **Work from anywhere.** Give your real estate team the mobility to work productively from anywhere, on any device. Switch easily between messaging, calls and video, and glide between desktop and mobile.
- ✓ **Dedicated collaboration spaces.** Easily set up shared working spaces for teams, properties, key customers and external partners.
- ✓ **Share files securely.** From property listings and photos to bills of sale and inspection documents, Floji ensures you can share files securely, and instantly pinpoint key information.
- ✓ **Easy to set up; even easier to use.** Be up and running in no time, and scale quickly when you need to.
- ✓ **Cutting-edge business telephony.** Call routing, call recording, IVR, third party SIP integration and more.

All your client communication

- ✓ **Manage every conversation in one platform.** Floji consolidates the key channels – phone, video, messaging, email, webchat, WhatsApp – so you can meet clients wherever they are.
- ✓ **Remote property viewings.** Easily schedule and conduct virtual property viewings. Prospects who can't be there in person needn't miss out.
- ✓ **Close more deals.** Clear the way for more effective communication so deals can be closed faster and with more transparency.
- ✓ **Get more leads.** Make your real estate business more accessible by configuring precise client routing plans and adding Floji-powered live chat to your site.
- ✓ **Robust security.** We make security paramount so you can communicate in confidence.
