

Floji for Manufacturing

Seamless communication for the manufacturing sector

Don't let outdated communication methods hold manufacturing back. Floji brings clarity to every step of your operations, integrating **phone, video, messaging** and top-tier **collaboration tools** so you can work productively from anywhere, on any device.

Why choose Floji for Manufacturing?

Connect your whole organisation

- ✓ **Factory floor to front office** – bring all your teams together. Switch easily between messaging, calls and video, and glide from desktop to mobile.
- ✓ **Powerful collaboration tools.** Elevate your teamwork, with voice and video conferencing, appointment scheduling, screen sharing, file sharing and more.
- ✓ **Fuel productivity.** Bring people and resources together in one place to cut out app-switching, cut down errors, and make collaboration faster and more effective.
- ✓ **Enable remote maintenance.** Let off-site technicians service machinery and perform quality control remotely through HD video.
- ✓ **Set up fast; use with ease.** Get up and running in no time, and become a Floji power user in a day.

Communicate with suppliers, partners and customers

- ✓ **Consolidate all your channels in one platform.** Across calls, video, messaging, email, webchat and WhatsApp, every conversation stays connected in Floji.
- ✓ **Work the way you need to.** Set up dedicated collaboration spaces for teams, suppliers, partners and key customers.
- ✓ **Stay on top of operations and support.** Get real-time insights into trending issues, and keep pace with customer support through inbuilt engagement technology.
- ✓ **Cutting-edge business telephony.** Set up precise routing plans with ease, record calls and seamlessly integrate hardware.
- ✓ **Robust security.** From calls and messages to the files you share, all your communications are fully protected in Floji.
